

THE BASSY

NEWSLETTER AUTUMN 2024

WELCOME!

A big welcome to all our new residents at 325 Nepean Hwy, Frankston and everyone to Autumn 2024!! We hope you've been making use of the awesome location whilst the sun is out and going to the beach which is literally across the road! Get your Vitamin D before another Melbourne winter comes just around the corner. Frankston is a supportive and active community and within the apartments neighbours have become familiar with each other which is encouraging a good cohesion of community living.

Working Bee!!!

COMMUNITY GARDEN & ART PROJECT WORKING BEE!!!
SAT 23RD & SUN 24TH MARCH
10AM MEET AT THE TENNIS COURT/COMMUNITY GARDEN

COMMUNITY GARDEN

The old tennis court has been given some tender loving care by a number of residents who have contributed to growing vegetables and plants in food boxes and have started painting murals. If you would like to get involved, please contact Ange who lives onsite and initiated this as part of her food sustainability community work. Please DO NOT remove any plants without consulting this with community. The plan is to create a beautiful open green space for residents to sit and engage with others and a collective effort to grow and access organic food, possibly with excess produce going to the "Wildpath" church food outreach on Wednesdays.

COMMUNITY GARDEN & ART PROJECT WORKING BEE

325 Nepean will be having a 'Community Garden and Art Project Working Bee' on Saturday 23rd and Sunday the 24th of March. A couple of artists fresh out of Uni who have previously created murals have volunteered to help with the garden mural on the tennis court. Residents, owners and friends are invited to congregate near the tennis court quietly at 10am on Saturday the 23rd of March (or any time!) to get involved with painting or planting!

RUBBISH

Please ensure you don't leave rubbish outside of your apartment out of respect for your neighbours. If you have mobility issues which prevent you from accessing the main bins, please let someone in the apartments know so you can have some assistance.

COMMUNITY BLACKBOARD

The new lobby blackboard opposite the mailboxes was installed to incorporate more of a community spirit and be helpful in communicating community events. Feel free to stick local news or event articles you may feel are interesting to read when collecting the mail.

CONTACTS

If you have ideas, you'd like to see come into fruition or would like to communicate any concerns, there are a number of ways to get heard;

- Your landlord or Realestate
- Onsite Grounds Manager: Brett
- Turnbull and Cook Body Corporate Management
- Instagram Page: ambassador_frankston
- Onsite resident Tennis Court Community Garden Project Manager - Angela
- The 325 Nepean Hwy website contact page: www.ambassadorfrankston@weebly.com
